YOUTH WELL-BEING

Grant: Thriving Cultures Program

Purpose: To create just and sustainable communities through artistic training programs that help teens explore their cultural identity and equip them with the life-enhancing skills they need to achieve their educational and career goals; efforts to involve artists, architects and designers in community-engaged problem solving and development efforts; efforts that provide artists with business training and financial resources that enable them to be, and create, valuable economic assets for their communities; and support for artists as catalysts for social change and promoters of the cultural traditions of their communities.

Funder: The Surdna Foundation

Eligibility: Nonprofit organizations in the United States

Deadline: Ongoing

Amount: Unspecified

Contact: <http://www.surdna.org/what-we-fund/thriving-cultures.html>

Grant: Youth Conservation Employment and Job/Career Training Program

Purpose: To connect youth to the outdoors by providing financial support for conservation employment programs. The initiative brings together public and private partners to support those organizations that are developing innovative conservation job opportunities for youth on public lands. These job opportunities, in turn, expose young people, particularly urban, tribal and minority youth, to the natural world and career opportunities available in conservation.

Funder: The National Fish and Wildlife Foundation

Eligibility: Non-profit 501(c) organizations, state government agencies, local governments, municipal governments, Indian tribes, educational institutions

Deadline: November 17

Amount: Up to \$75,000 (with some exceptions)

Contact: <http://www.nfwf.org/youth/Pages/2017rfp.aspx>

Grant: Shade Structure Program

Purpose: To install permanent shade structures in outdoor locations that are not protected from the sun (e.g., playgrounds, pools, or recreation spaces)

Funder: American academy of Dermatology

Eligibility: Nonprofit organizations that provide services, programs, and curricula to children and teenagers age 18 and younger. Applicants must be recommended by an AAD member dermatologist; demonstrate a commitment to sun safety within their organizations; and consider a shade structure that meets the stringent requirements of the AAD.

Deadline: November 28

Amount: Up to \$8,000

Contact: <https://www.aad.org/members/volunteer/shade-structure-program>

Grant: Youth Leadership Program

Purpose: To conduct a three-week, U.S.-based youth leadership program in April 2017 for 60 youth and adult mentors from the ten member states of the Association of Southeast Asian Nations. Exchange activities will focus on civic education, leadership, diversity, and community engagement and address ways youth can unite around their common goals and lead inclusive change in their communities. Individual or small group follow-on projects in the home communities of the exchange alumni will complete the program.

Funder: U.S. Bureau of Educational and Cultural Affairs

Eligibility: Nonprofits having a 501(c)(3) status with the IRS, private institutions of higher education, public and state controlled institutions of higher education

Deadline: November 29

Amount: \$500,000 - \$1,500,000

Contact: <http://www.grants.gov/custom/viewOppDetails.jsp?oppId=289699>

Grant: Maternal and Child Environmental Health Network Program Grants

Purpose: To decrease maternal and child morbidity and mortality associated with pre-and post-natal environmental exposures. One organization will be funded to implement and support a network of national and regional teratogen information service (TIS) counseling centers. A teratogen is defined as an agent that may induce abnormal embryo or fetal development when administered during pregnancy. This program is intended to be a resource for women of reproductive age, their partners and healthcare providers, with an emphasis on vulnerable and hard-to-reach populations.

Funder: Health Resources and Services Administration

Eligibility: Any public or private entity

Deadline: January 20, 2017

Amount: One grant of \$1,200,000

Grant: Role of Healthcare and Insurance in Improving Outcomes in Cancer Prevention

Purpose: To stimulate research that generates new knowledge of the effects of the United States healthcare system structure and the role of insurance on both access to and outcomes of cancer screening, early

detection, and treatment services. Studies investigating how one or more factors affecting access and outcomes interact — including insurance status, costs, capacity, personal characteristics, provider characteristics, components of the healthcare delivery system, and other known factors — are encouraged. Potential areas of investigation include but are not limited to how the structure and capacity of the healthcare system affect appropriate and timely access to cancer screening, early detection, treatment, and palliative care services; the provider and system factors that affect treatment patterns and quality of cancer care within the current healthcare systems; and the exploration of life course patterns of the entire spectrum of cancer care (from prevention and screening through diagnosis, treatment, survivorship, and supportive/palliative care) by linking diverse data sources for broad patient populations.

Funder: American Cancer Society

Eligibility: Applicants must be affiliated with nonprofit institutions located in the United States, any of its territories, or the Commonwealth of Puerto Rico; and be a U.S. citizen, non-citizen national, or permanent resident of the United States. Independent investigators at all stages of their career are encouraged to apply.

Deadline: April 1, 2017

Amount: Awards will not exceed \$200,000 per year (direct costs) for up to five years.
